STAFF RECOMMENDATIONS: That the Agency approve the FY09 Budget for the Redevelopment Projects Administered by CCDC and the Administrative Budget for CCDC.

SUMMARY: This memorandum, combined with the attachments, represents the proposed FY09 Budget for the Centre City and Horton Plaza Redevelopment Projects. The FY09 Budget totals \$235.5 million.

FISCAL CONSIDERATIONS: The FY09 Budget totals \$235.5 million and is financed with tax increment, tax allocation bonds, parking revenue bonds, developer proceeds, interest income, and other income.

CENTRE CITY DEVELOPMENT CORPORATION RECOMMENDATION: On March 26, 2008, the Corporation Board voted to approve the FY09 Budget including recommendations submitted by the Centre City Advisory Committee. On April 23, 2008, the Budget/Finance and Administration Committee approved a modification reflecting a \$5 million repayment to the City and a \$1.5 million increase to the North Embarcadero Visionary Plan project.

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS: The Centre City Advisory Committee ("CCAC") unanimously approved the proposed FY09 Budget on March 19, 2008. The Budget/Finance Subcommittee ("Subcommittee") of the CCAC discussed the FY09 Budget at its February 19, 2008 meeting and made recommendations for projects that were incorporated into the FY09 Budget. On March 6, 2008, the Subcommittee unanimously approved the proposed FY09 Budget.

OTHER RECOMMENDATIONS: None.

BACKGROUND: Centre City Development Corporation was created by the City of San Diego in 1975 to plan, implement, and direct redevelopment of San Diego's urban core. Approximately 1,450 acres, which include the Centre City and Horton Plaza Redevelopment Projects, are currently administered by the Corporation.

This memorandum, combined with the attachments, lists elements of the FY09 Budget for review and discussion. Certain schedules have been included by "Project Area" to facilitate the request of the Independent Budget Analyst's office to allow for consistent formatting with the Redevelopment Division of the City and Southeastern Economic Development Corporation. These include a Revenue and Expenditures Summary, a summary of the Fiscal Year 2009 Work Plan (Attachment B) and a Status of Fiscal Year 2008 Work Plan (Attachment C). Chart A summarizes the revenue and expenditures for Fiscal Year 2009. Schedule I is a Revenue and Expenditure summary, Schedule II is Revenue and Expenditure summary by "Project Area," Schedule III is a summary listing activities for the continuance of programs under development and for new project activities. Schedule IV is a detailed listing of revenues. Schedule V is a work plan and detailed listing of expenditures consisting of both carryover amounts from Fiscal Year 2008 and new monies proposed in Fiscal Year 2009. The bold items on Schedule V are projects that are required. Non-bolded items are subject to the Board's discretion and priority. Schedule VI is a three-year outlook for projected revenues and estimated expenditures. Attachment A is the Administrative Budget. Attachment D is a listing of completed residential projects in downtown and Attachment E is a summary of the economic gains from redevelopment.

DISCUSSION: The FY09 Budget consists primarily of five components: Low and Moderate Income Housing budgets, Non-Housing Project activities, appropriations for Long-Term Debt, Tax Sharing payments, and the Corporation Administrative Budget. The five components of the budget have funding sources derived from tax increment, tax allocation bonds, parking revenue bonds, developer proceeds, interest income, and other income.

Project Budgets (\$128.9m)

Project budgets contain multi-year projects and therefore the budget includes adjustments to existing project activities and provisions for new activities. The proposed budget contains a total of \$128.9 million of new appropriation for projects and related soft costs. Significant components of the budget include a provision for funding land acquisitions and design cost for Parks/Open Space and Fire Stations. Specifically, the Budget anticipates the design and construction of Two America Plaza Park, and the design and construction of the Bayside Fire station. In addition, design work relating to the "C" Street corridor improvements, a provision for construction of Phase I of the North Embarcadero improvements, the Downtown Quiet Zone project, and a provision for the development of the Seventh & Market Public Parking Facility and Mixed-Use project has been included.

The proposed budget also provides funding for various public improvements in the Cortez, East Village, Little Italy, Gaslamp, and Columbia/Core neighborhoods. These include sidewalk improvements, street lights and park improvements. A listing of these projects is provided in the detailed Schedule V.

In addition to the \$128.9 million provision for Fiscal Year 2009 project activities, it is anticipated that prior year funds totaling \$205.5 million will be carried over for implementation in Fiscal Year 2009 and/or subsequent years for a total amount of \$334.4 million.

The FY09 Budget also provides for a carry forward of revenues for future years. As many of the projects are multi-year in nature, staff felt it was prudent to look at least three years into the future, analyzing potential revenues and expenditure, and planning for those future years in Fiscal Year 2009. The budget contains an amount of \$27.8 million for future year's project activity on projects that will carry forward into Fiscal Year 2010 and Fiscal Year 2011. Schedule VI provides a summary of the next three years as staff estimates the revenues and potential expenditures.

Affordable Housing (\$27.4m)

The proposed budget provides funding for Affordable Housing in the amount of \$27.4 million to be used on various affordable housing projects. A listing of pipeline projects is provided in the detailed Schedule V.

Tax Sharing (\$18.0)

The proposed budget includes funding for tax sharing agreements of \$18.0 million.

Centre City Development Corporation (\$9.877m) and City Services (\$1.9m)

The Corporation Administrative Budget totals \$9.877 million and represents a \$520,500 increase over the current year's budget. The increase consists of a \$343,500 increase in Personnel Expense and a \$177,000 increase in Non-Personnel Expense. Attachment A is the Administrative Budget. In addition, a provision has been established for City Services in the amount of \$1.9 million. Both the Administrative Budget and the provision for the City have amounts allocated to the Affordable Housing component of the Budget.

Long-Term Debt (\$50.6m)

The Long-Term Debt Appropriations for Fiscal Year 2009 totals \$50.6 million which includes a provision for debt service, in the amount of \$45.6 million, on 11 Centre City Redevelopment Project Tax Allocation Bond issues, two Parking Revenue Bonds and four Horton Plaza Redevelopment Project Tax Allocation Bond issues outstanding. Also included is a provision for City repayment, in the amount of \$5 million. The detailed amounts for each are described on Page 6 of Schedule V.

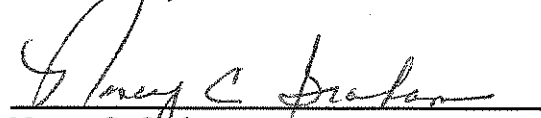

ENVIRONMENTAL IMPACT: This activity is not a project, and is therefore not subject to CEQA per CEQA Guidelines Section 15060(c)(3).

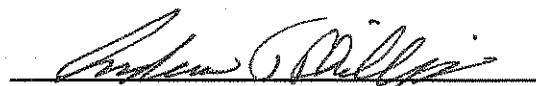

CONCLUSION: This memorandum, combined with the attachments, represents the proposed FY09 Budget for the Centre City and Horton Plaza Redevelopment Projects. The proposed FY09 Budget totals \$235.5 million and consists primarily of five components, Low and Moderate Income Housing budgets, Non-Housing Project activities, appropriations for Long-Term Debt, Tax Sharing payments, and the Corporation Administrative Budget. The five components of the budget have funding sources derived from tax increment, tax allocation bonds, parking revenue bonds, developer proceeds, interest income, and other income.
